Approval of Minutes

- June meeting minutes to be approved at a later date.
- R. Pickworth made the motion to approve minutes of the May 15th meeting, R. Knight seconded the motion, roll call – Pickworth: YES, Knight: YES; Kuhl: YES; Reising: YES.

Old Business

- V. Sigmund met with OTARMA and Bill Braxton, our insurance agent, is going to be looking into increasing coverage. They looked at the Land Use Plan and said it needs to be updated every 5 years. Started updating but waiting on census data as well as copy of the Prosecutor's plan which is still unpublished. Examples shared of some zoning issues in past years. Still need to adopt the 2004 Resolution for construction standards into zoning. Cary (public) asked who does the Land Use Plan. The Zoning Commission does the Land Use Plan for the Township, but the county did the 2004 Resolution which was for subdivision construction standards. Discussions on whether the township is able to add things in the Land Use Plan that counter the county's plan. R. Kuhl to talk to Trustees at their next meeting to get their input. R. Pickworth said that he is concerned they won't dissect it before deciding to adopt it into the zoning.
- Discussions about Section 1101:Article XI Off Street Parking and Loading Facilities needs updating in light of Grafton Twp having issues with this.
- K. Carter to resend meeting minutes to Trustees from Rich Beran public hearing so they can get their public hearing scheduled.

New Business
